

## REMARKS

This is in response to the Final Office Action mailed on May 17, 2005. The Office Action indicated the provisional allowability of claims 19-23 and rejected claim 24. Given the finality of the Office Action, claim 24 is being cancelled to facilitate the application and interference process. In the meantime, a phone call to the undersigned is invited should there be any questions.

Respectfully submitted,

Gerald P. Parsons
